

UNIVERSITY STUDENT SURVEY POLICY

Purpose:

The university is committed to the collection of student feedback on all aspects of their experience. This policy recognises that surveys are an important part of understanding student voice, and thus seeks to ensure that all activities related to the collection of student feedback via the use of surveys are clearly defined. It supports:

- the university's commitment to te Tiriti and a commitment to data sovereignty
- coordination of university student surveys to reduce the risk of survey fatigue
